7

8 B. Defendant is ordered to pay to Plaintiff, by making payment to the Treasurer of
9 the United States, Two Hundred Thirty-Five Thousand Dollars (\$235,000). Such payment must
10 be made within ninety (90) days of entry of the Order, unless otherwise agreed to by counsel for
11 the Commission, by electronic fund transfer in accordance with instructions previously provided
12 by a representative of Plaintiff. Upon such payment, the remainder of the judgment is
13 suspended, subject to the Subsections below.
14

15 C. The Commission and Plaintiff's agreement to the suspension of part of the

16 government of the United States and is not compensation for actual pecuniary loss.

17 I. Defendant acknowledges that its Employer Identification Numbers, which
18 Defendant previously submitted to the Commission, may be used for collecting and reporting on
19 any delinquent amount arising out of this Order, in accordance with 31 U.S.C. §7701.

AUTHORITY: 15 U.S.C. 6501-6508.

§312.1 Scope of Regulations in this part.

This part implements the Children’s Online Privacy Protection Act of 1998, (15 U.S.C. 6501, *et seq.*) which prohibits unfair or deceptive acts or practices in connection with the collection, use, and/or disclosure of personal information from and about children on the Internet.

§312.2 Definitions.

Child means an individual under the age of 13.

Collects or *collection* means the gathering of any personal information from a child by any means, including but not limited to:

- (1) Requesting, prompting, or encouraging a child to submit personal information online;
- (2) Enabling a child to make personal information publicly available in identifiable form. An operator shall not be considered to have collected personal information under this paragraph if it takes reasonable measures to delete all or virtually all personal information from a child’s postings before they are made public and also to delete such information from its records; or
- (3) Passive tracking of a child online.

Commission means the Federal Trade Commission.

Delete means to remove personal information such that it is not maintained in retrievable form and cannot be retrieved in the normal course of business.

Disclose or *disclosure* means, with respect to personal information:

- (1) The release of personal information collected by an operator from a child in identifiable form for any purpose, except where an operator provides such information to a person who provides support for the internal operations of the Web site or online service; and
- (2) Making personal information collected by an operator from a child publicly available in identifiable form by any means, including but not limited to a public posting through the Internet, or through a personal home page or screen posted on a Web site or online service; an electronic mail service; a message board; or a chat room.

Federal agency means an agency, as that term is defined in Section 551(1) of title 5, United States Code.

Internet means collectively the myriad of computer and telecommunications facilities, including equipment and operating software, which comprise the interconnected world-wide network of networks that employ the Transmission Control Protocol/Internet Protocol, or any predecessor or successor protocols to such protocol, to communicate information of all kinds by wire, radio, or other methods of transmission.

Obtaining verifiable consent means making any reasonable effort (taking into consideration available technology) to ensure that before personal information is collected from a child, a parent of the child:

- (1) Receives notice of the operator's personal information collection, use, and disclosure practices; and
- (2) Authorizes any collection, use, and/or disclosure of the personal information.

Online contact information means an email address or any other substantially similar identifier that permits direct contact with a person online, including but not limited to, an instant messaging user identifier, a voice over internet protocol (VOIP) identifier, or a video chat user identifier.

Operator means any person who operates a Web site located on the Internet or an online service and who collects or maintains personal information from or about the users of or visitors to such Web site or online service, or on whose behalf such information is collected or maintained, or offers products or services for sale through that Web site or online service, where such Web site or online service is operated for commercial purposes involving commerce among the several States or with 1 or more foreign nations; in any territory of the United States or in the District of Columbia, or between any such territory and another such territory or any State or foreign nation; or between the District of Columbia and any State, territory, or foreign nation. This definition does not include any nonprofit entity that would otherwise be exempt from coverage under Section 5 of the Federal Trade Commission Act (15 U.S.C. 45). Personal information is *collected or maintained on behalf of* an operator when:

- (1) It is collected or maintained by an agent or service provider of the operator; or
- (2) The operator benefits by allowing another person to collect personal information directly from users of such Web site or online service.

Parent includes a legal guardian.

Person means any individual, partnership, corporation, trust, estate, cooperative, association, or other entity.

Personal information means individually identifiable information about an individual collected online, including:

- (3) Online contact information as defined in this section;
- (4) A screen or user name where it functions in the same manner as online contact information, as defined in this section;
- (5) A telephone number;
- (6) A Social Security number;

- (7) A persistent identifier that can be used to recognize a user over time and across different Web sites or online services. Such persistent identifier includes, but is not limited to, a customer number held in a cookie, an Internet Protocol (IP) address, a processor or device serial number, or unique device identifier;
- (8) A photograph, video, or audio file where such file contains a child's image or voice;
- (9) Geolocation information sufficient to identify street name and name of a city or town; or
- (10) Information concerning the child or the parents of that child that the operator collects online from the child and combines with an identifier described in this definition.

Release of personal information means the sharing, selling, renting, or transfer of personal information to any third party.

Support for the internal operations of the Web site or online service means:

- (1) Those activities necessary to:
 - i. Maintain or analyze the functioning of the Web site or online service;

 - iii. Authenticate users of, or personalize the content on, the Web site or online service;
 - iv. Serve contextual advertising on the Web site or online service or cap the frequency of advertising;
 - v. Protect the security or integrity of the user, Web site, or online service;
 - vi. Ensure legal or regulatory compliance; or
 - vii. Fulfill a request of a child as permitted by §312.5(c)(3) and (4);
- (2) So long as the information collected for the activities listed in paragraphs (1)(i)-(vii) of this definition is not used or disclosed to contact a specific individual, including through behavioral advertising, to amass a profile on a specific individual, or for any other purpose.

Third party means any person who is not:

- (1) An operator with respect to the collection or maintenance of personal information on the Web site or online service; or
- (2) A person who provides support for the internal operations of the Web site or online service and who does not use or disclose information protected under this part for any other purpose.

Web site or online service directed to children means a commercial Web site or online service, or portion thereof, that is targeted to children.

- (1) In determining whether a Web site or online service, or portion thereof, is directed to children, the Commission will consider its subject matter, visual content, use of animated

characters or child-oriented activities and incentives, music or other audio content, age of models, presence of child celebrities or celebrities who appeal to children, language or other characteristics of the Web site or online service, as well as whether advertising promoting or appearing on the Web site or online service is directed to children. The Commission will also consider competent and reliable empirical evidence regarding audience composition, and evidence regarding the intended audience.

- (2) A Web site or online service shall be deemed directed to children when it has actual knowledge that it is collecting personal information directly from users of another Web site or online service directed to children.
- (3) A Web site or online service that is directed to children under the criteria set forth in paragraph (1) of this definition, but that does not target children as its primary audience, shall not be deemed directed at children if it:
 - i. Does not collect personal information from any visitor prior to collecting age information; and
 - ii. Prevents the collection, use, or disclosure of personal information from visitors who identify themselves as under age 13 without first complying with the notice and parental consent provisions of this part.
- (4) A Web site or online service shall not be deemed directed to children solely because it refers or links to a commercial Web site or online service directed to children by using information location tools, including a directory, index, reference, pointer, or hypertext link.

§312.3 Regulation of unfair or deceptive acts or practices in connection with the collection, use, and/or disclosure of personal information from and about children on the Internet.

General requirements. It shall be unlawful for any operator of a Web site or online service directed to children, or any operator that has actual knowledge that it is collecting or maintaining personal information from a child, to collect personal information from a child in a manner that violates the regulations prescribed under this part. Generally, under this part, an operator must:

- (a) Provide notice on the Web site or online service of what information it collects from children, how it uses such information, and its disclosure practices for such information (§312.4(b));

§312.4 Notice.

- (a) *General principles of notice.* It shall be the obligation of the operator to provide notice and obtain verifiable parental consent prior to collecting, using, or disclosing personal information from children. Such notice must be clearly and understandably written, complete, and must contain no unrelated, confusing, or contradictory materials.
- (b) *Direct notice to the parent.* An operator must make reasonable efforts, taking into account available technology, to ensure that a parent of a child receives direct notice of the operator's practices with regard to the collection, use, or disclosure of personal information from children, including notice of any material change in the collection, use, or disclosure practices to which the parent has previously consented.

 - iv. That the parent may refuse to permit further contact with the child and require the deletion of the parent's and child's online contact information, and how the parent can do so;
 - v. That if the parent fails to response to this direct notice, the operator may use the online contact information collected from the child for the purpose stated in the direct notice; and
 - vi. A hyperlink to the operator's online notice of its information practices required under paragraph (d) of this section.

An operator of a general audience Web site or online service that has a separate children's area must post a link to a notice of its information practices with regard to children on the home or landing page or screen of the children's area. To be complete, the online notice of the Web site or online service's information practices must state the following:

2. An operator must give the parent the option to consent to the collection and use of the child's personal information without consenting to disclosure of his or her personal information to third parties.

(b) Methods for verifiable parental consent.

1. An operator must make reasonable efforts to obtain verifiable parental consent, taking into consideration available technology. Any method to obtain verifiable parental consent must be reasonably calculated, in light of available technology, to ensure that the person providing consent is the child's parent.

2. Existing methods to obtain verifiable parental consent that satisfy the requirements of this paragraph include:
 - i. Providing a consent form to be signed by the parent and returned to the operator by postal mail, facsimile, or electronic scan;
 - ii. Requiring a parent, in connection with a monetary transaction, to use a credit card, debit card, or other online payment system that provides notification of each discrete transaction to the primary account holder;
 - iii. Having a parent call a toll-free telephone number staffed by trained personnel;
 - iv. Having a parent connect to trained personnel via video-conference;
 - v. Verifying a parent's identity by checking a form of government-issued identification against databases of such information, where the parent's identification is deleted by the operator from its records promptly after such verification is complete; or
 - vi. *Provided that*, an operator that does not "disclose" (as defined by §312.2) children's personal information, may use an email coupled with additional steps to provide assurances that the person providing the consent is the parent. Such additional steps include: Sending a confirmatory email to the parent following receipt of consent, or obtaining a postal address or telephone number from the parent and confirming the parent's consent by letter or telephone call. An operator that uses this method must provide notice that the parent can revoke any consent given in response to the earlier email.
 3. *Safe harbor approval of parental consent methods.* A safe harbor program approved by the Commission under §312.11 may approve its member operators' use of a parental consent method not currently enumerated in paragraph (b)(2) of this section where the safe harbor program determines that such parental consent method meets the requirements of paragraph (b)(1) of this section.
- (c) *Exceptions to prior parental consent.* Verifiable parental consent is required prior to any collection, use, or disclosure of personal information from a child *except* as set forth in this paragraph:
1. Where the sole purpose of collecting the name or online contact information of the parent or child is to provide notice and obtain parental consent under §312.4(c)(1). If the operator has not obtained parental consent after a reasonable time from the date of the information collection, the operator must delete such information from its records;
 2. Where the purpose of collecting a parent's online contact information is to provide voluntary notice to, and subsequently update the parent about, the child's participation in a Web site or online service that does not otherwise collect, use, or disclose children's personal information. In such cases, the parent's online contact information may not be used or disclosed for any other purpose. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to ensure that the parent receives notice as described in §312.4(c)(2);

3. Where the sole purpose of collecting online contact information from a child is to respond directly on a one-time basis to a specific request from the child, and where such information is not used to re-contact the child or for any other purpose, is not disclosed, and is deleted by the operator from its records promptly after responding to the child's request;
4. Where the purpose of collecting a child's and a parent's online contact information is to respond directly more than once to the child's specific request, and where such information is not used for any other purpose, disclosed, or combined with any other information collected from the child. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to ensure that the parent receives notice as described in §312.4(c)(3). An operator will not be deemed to have made reasonable efforts to ensure that a parent receives notice where the notice to the parent was unable to be delivered;
5. Where the purpose of collecting a child's and a parent's name and online contact information, is to protect the safety of a child, and where such information is not used or disclosed for any purpose unrelated to the child's safety. In such cases, the operator must make reasonable efforts, taking into consideration available technology, to provide a parent with notice as described in §312.4(c)(4);
6. Where the purpose of collecting a child's name and online contact information is to:
 - i. Protect the security or integrity of its Web site or online service;
 - ii. Take precautions against liability;
 - iii. Respond to judicial process; or
 - iv. To the extent permitted under other provisions of law, to provide information to law enforcement agencies or for an investigation on a matter related to public safety; and where such information is not be used for any other purposes;

8. Where an operator covered under paragraph (2) of the definition of *Web site or online service directed to children* in §312.2 collects a persistent identifier and no other personal information from a user who affirmatively interacts with the operator and whose previous registration with that operator indicates that such user is not a child. In such case, there also shall be no obligation to provide notice under §312.4.

§312.6 Right of parent to review personal information provided by a child.

- (a) Upon request from a parent whose child has provided personal information to a Web site or online service, the operator of that Web site or online service is required to provide to that parent the following:

- (b) Neither an operator nor the operator's agent shall be held liable under any Federal or State law for any disclosure made in good faith and following reasonable procedures in responding to a request for disclosure of personal information under this section.
- (c) Subject to the limitations set forth in §312.7, an operator may terminate any service provided to a child whose parent has refused, under paragraph (a)(2) of this section, to permit the operator's further use or collection of personal information from his or her child or has directed the operator to delete the child's personal information.

§312.7 Prohibition against conditioning a child's participation on collection of personal information.

An operator is prohibited from conditioning a child's participation in a game, the offering of a prize, or another activity on the child's disclosing more personal information than is reasonably necessary to participate in such activity.

§312.8 Confidentiality, security, and integrity of personal information collected from children.

The operator must establish and maintain reasonable procedures to protect the confidentiality, security, and integrity of personal information collected from children. The operator must also take reasonable steps to release children's personal information only to service providers and third parties who are capable of maintaining the confidentiality, security and integrity of such information, and who provide assurances that they will maintain the information in such a manner.

§312.9 Enforcement

Subject to sections 6503 and 6505 of the Children's Online Privacy Protection Act of 1998, a violation of a regulation prescribed under section 6502(a) of this Act shall be treated as a violation of a rule defining an unfair or deceptive act or practice prescribed under section 18(a)(1)(B) of the Federal Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

§312.10 Data Retention and deletion requirements.

The operator must delete such information using reasonable measures to protect against unauthorized access to, or use of, the information in connection with its deletion.

§312.11 Safe harbor programs.

- (a) *In general.* Industry groups or other persons may apply to the Commission for approval of self-regulatory program guidelines (“safe harbor programs”). The application shall be filed with the Commission’s Office of the Secretary. The Commission will publish in the FEDERAL REGISTER a document seeking public comment on the application. The Commission shall issue a written determination within 180 days of the filing of the application.
- (b) *Criteria for approval of self-regulatory program guidelines.* Proposed safe harbor programs must demonstrate that they meet the following performance standards:
 - 1. Program requirements that ensure operators subject to the self-regulatory program guidelines (“subject operators”) provide substantially the same or greater protections for children as those contained in §§312.2 through 312.8, and 312.10.
 - 2. An effective, mandatory mechanism for the independent assessment of subject operators’ compliance with the self-regulatory program guidelines. At a minimum, this mechanism must include a comprehensive review by the safe harbor program, to be conducted not less than annually, of each subject operator’s information policies, practices, and representations. The assessment mechanism required under this paragraph can be provided by an independent enforcement program, such as a seal program.
 - 3. Disciplinary actions for subject operators’ non-compliance with self-regulatory program guidelines. This performance standard may be satisfied by:
 - i. Mandatory, public reporting of any action taken against subject operators by the industry group issuing the self-regulatory guidelines;
 - ii. Consumer redress;
 - iii. Voluntary payments to the United States Treasury in connection with an industry-directed program for violators of the self-regulatory guidelines;
 - iv. Referral to the Commission of operators who engage in a pattern or practice of violating the self-regulatory guidelines; or
 - v. Any other equally effective action.
- (c) *Request for Commission approval of self-regulatory program guidelines.* A proposed safe harbor program’s request for approval shall be accompanied by the following:
 - 1. A detailed explanation of the applicant’s business model, and the technological capabilities and mechanisms that will be used for initial and continuing assessment of subject operators’ fitness for membership in the safe harbor program;

2. A copy of the full text of the guidelines for which approval is sought and any accompanying commentary;
 3. A comparison of each provision of §§312.2 through 312.8, and 312.10 with the corresponding provisions of the guidelines; and
 4. A statement explaining:
 - i. How the self-regulatory program guidelines, including the applicable assessment mechanisms, meet the requirements of this part; and
 - ii. How the assessment mechanisms and compliance consequences under paragraphs (b)(2) and (b)(3) provide effective enforcement of the requirements of this part.
- (d) *Reporting and recordkeeping requirements.* Approved safe harbor programs shall:
1. By July 1, 2014, and annually thereafter, submit a report to the Commission containing, at a minimum, an aggregated summary of the results of the independent assessments conducted under paragraph (b)(2) of this section, a description of any disciplinary action taken against any subject operator under paragraph (b)(3) of this section, and a description of any approvals of member operators' use of a parental consent mechanism, pursuant to §312.5(b)(3).
 2. Promptly respond to Commission requests for additional information; and
 3. Maintain for a period of not less than three years, and upon request make available to the Commission for inspection and copying:
 - i. Consumer complaints alleging violations of the guidelines by subject operators;
 - ii. Records of disciplinary actions taken against subject operators; and
 - iii. Results of the independent assessments of the subject operators' compliance required under paragraph (b)(2) of this section.
- (e) *Post-approval modifications to self-regulatory program guidelines.* Approved safe harbor programs must submit proposed changes to their guidelines for review and approval by the Commission in the manner required for initial approval of guidelines under paragraph (c)(2) of this section. The statement required under paragraph (c)(4) of this section must describe how the proposed changes affect existing provisions of the guidelines.
- (f) *Revocation of approval of self-regulatory program guidelines.* The Commission reserves the right to revoke any approval granted under this section if at any time it determines that the approved self-regulatory program guidelines or their implementation do not meet the requirements of this part. Safe harbor programs that were approved prior to the publication of the Final Rule amendments must, by March 1, 2013, submit proposed modifications to their guidelines that would bring them into compliance with such amendments, or their approval shall be revoked.

- (g) *Operators' participation in safe harbor program.* An operator will be deemed to be in compliance with the requirements of §§312.2 through 312.8, and 312.10 if that operator complies with Commission-approved safe harbor program guidelines. In considering whether to initiate an investigation or bring an enforcement action against a subject operator for violations of this part, the Commission will take into account the history of the subject operator's participation in the safe harbor program, whether the subject operator has taken action to remedy such non-compliance, and whether the operator's non-compliance resulted in any one of the disciplinary actions set forth in paragraph (b)(3).

§312.12 Voluntary Commission Approval Processes.

- (a) *Parental consent methods.* An interested party may file a written request for Commission approval of parental consent methods not currently enumerated in §312.5(b). To be considered for approval, a party must provide a detailed description of the proposed parental consent methods, together with an analysis of how the methods meet §312.5(b)(1). The request shall be filed with the Commission's Office of the Secretary. The Commission will publish in the FEDERAL REGISTER a document seeking public comment on the request. The Commission shall issue a written determination within 120 days of the filing of the request; and
- (b) *Support for internal operations of the Web site or online service.* An interested party may file a written request for Commission approval of additional activities to be included within the definition of support for internal operations. To be considered for approval, a party must provide a detailed justification why such activities should be deemed support for internal operations, and an analysis of their potential effects on children's online privacy. The request shall be filed with the Commission's Office of the Secretary. The Commission will publish in the FEDERAL REGISTER a document seeking public comment on the request. The Commission shall issues a written determination within 120 days of the filing of the request.

§312.13 Severability.

The provisions of this part are separate and severable from one another. If any provision is stayed or determined to be invalid, it is the Commission's intention that the remaining provisions shall continue in effect.
